

Surface geology

Simplified map by terrain type

This simple geologic map of southern Guam indicates the distribution of fundamental terrain types. The map is based on the newest geologic map of Guam by Siegrist, H.G. and Reagan, M. (2008), who reinterpreted and revised the Geologic Map of Guam by Tracey et al. (1964).

- Limestone terrain
- Volcanic terrain
- Other

Cartography and design
by Danko Taborosi
and Maria Kottermaier,
2015.

This map is for awareness and educational
purposes only. It contains no authoritative positional
or other information. See the full disclaimer at
