

## Road network

### Routes and streets

 Routes  
 Streets

This map shows the street and road network in southern Guam. The geospatial data were obtained from the Bureau of Statistics and Plans (BSP), Government of Guam. The dataset was updated between 2005 and 2007 as part of the 2008 Map Book of Guam by the BSP Land Use Planning/Coastal Management Program, with assistance from the Department of Public Works, Office of Highway Planning, and the Mayors Council. Since that time, efforts have been made to keep the dataset up-to-date.

Cartography and design
